

MELVIN A. TRAYLOR WILL BE ELECTED TO HEAD BANKERS

Election Conceded at State Meeting Held in Rockford

(By The Associated Press) ROCKFORD, Ill., June 26.—Melvin A. Traylor, president of the first Trust and Savings bank of Chicago, is conceded the presidency of the state association at the opening meeting of the Illinois Bankers' Association here today. Formal elections will be held tomorrow.

Today's session was occupied chiefly with addresses.

Chandler Starr, president of the Rockford Clearing House association, welcomed the delegates to Rockford. Writ Wright, president of the National Stock Yards National Bank and president of the state association spoke in response.

Addresses were given by J. H. Puchler, Milwaukee, president of the Bankers' association, and Fred Sargent, general solicitor for the Chicago & Northwestern railway.

The convention will consider tomorrow recommendation by the executive committee for the organization of a mutual insurance company among Illinois bankers. The committee believes that commercial insurance rates are too high.

A banquet tonight, followed by dancing on a river boat, completed the day.

At an election this afternoon of the members of the American Bankers' association in attendance at the state meeting, Illinois officers were named. The results:

Charles H. Fox, Chicago Trust company, general Illinois vice-president. Group vice-presidents: H. S. Burpee, Rockford National Bank, national bank group; John Brocksmith, Harrison Trust & Savings Bank, Chicago, trust company division; W. B. Crawford, West Frankfort Bank and Trust company, state bank division; F. W. Crane, State Savings Loan & Trust company, Quincy, savings bank division.

OKMULGEE COUNTY UNDER MARTIAL LAW

(By The Associated Press) OKLAHOMA CITY, Okla., June 26.—Governor J. C. Walton placed Okmulgee county under martial law today declaring that a state of lawlessness and terror exists there.

The proclamation, he said, asserted that "a state of lawlessness and terror" exists in Okmulgee county as a result of the "neglect of the sheriff to enforce the law."

The governor acted, his secretary said, on the strength of signed statements submitted to him by well known Okmulgee county citizens which he said detailed lawlessness in the county.

Military control probably will be confined, for the present at least, to the sheriff's office, the governor's secretary said, adding that all civil authority would be superseded.

SEIZE LIQUOR ON JAPS SHIP AT HONOLULU

Honolulu, June 26 (By The Associated Press)—United States customs officers here today seized and removed 292 quarts of liquor from the Toyo Kisen Kaisha Maru, the first Japanese vessel to arrive here since the new rules governing supplies of liquor on board ships became effective.

SEEK HIGHER-UPS IN BROOKLYN ELEVATED RAILROAD TRAGEDY

President of Road Denies Story of Rotten Guards

(By The Associated Press) NEW YORK, June 26.—Yesterday's elevated railway wreck in Brooklyn, in which seven persons were killed and 86 injured several probably fatally, brought two important developments today.

District Attorney Dodd began presentation to the Kings county grand jury of evidence as the causes of the disaster and announced that he was going after "higher-ups" of the Brooklyn Manhattan Transit company on the theory that disregard of the essentials of safety caused the ancient two-car train to plunge from the elevated structure to the street forty feet below.

Mayor Hylan, in a statement dividing blame for the disaster between the transit company and the state transit commission called on Governor Smith for a special session of the legislature at which the "recalcitrant, traction-controlled republicans" would be forced to adopt the Walker-Donohue bill providing home rule in transit control, which was defeated at the last session.

He promised to name a municipal transit commission that would compel greater care for the safety of transit company patrons.

President Menden of the newly re-organized B. M. T., issued a statement denying the charges of officials that rotten guard rails, which gave way when the train jumped the track, had caused the tragedy. He said the guard rails held but that the train toppled over and that the accident was unavoidable. He also denied charges that some one had turned a switch to make it appear that the motor-man had run past a danger signal, and thus was responsible. The switch, he said was thrown by the train itself.

ADMINISTRATION OF CHARITY SCORED BY DAVIS

Secretary of Labor Demands Reform in Care of Dependents

(By The Associated Press) AURORA, Ill., June 26.—Sweeping reform in the present system of the care of public dependents was demanded by James J. Davis, secretary of labor, in his annual report submitted today to the convention of the Local Order of Moose, at Mooseheart, Ill., in his capacity as director general of the order.

Secretary Davis excoriated the administration of public charity in many of the poor houses and orphan asylums. He denounced the practice of separating the members of families which have become dependent upon public aid in such institutions and recommended a vigorous campaign by the Moose in cooperation with other fraternal orders to improve conditions in poor houses, orphan asylums and homes for the aged.

The report showed the net assets of the order at \$21,642,574.18, compared with assets of \$19,630,968.71 a year ago, an increase of \$2,012,605.47 for the year.

The convention approved the report of the director general unanimously. The annual report of Supreme Dictator J. Willis Pierson of New Orleans, general director George N. Ward, the executive committee and the supreme council were also approved.

President Warmly Received In Utah

(By The Associated Press) SALT LAKE CITY, Utah, June 26.—President Harding brought to Utah today an exposition of the views of the administration on the tax question and received in turn renewed faith in the future of the Republic thru the welcome accorded him in Ogden, Salt Lake City and a half-dozen small towns.

Making the sixth prepared address of his western trip, the chief executive in the Mormon Tabernacle tonight, discussed taxation. The address on this question was made here because Utah is the home state of the chairman of the senate finance committee, Senator Smoot.

After having been greeted by a large proportion of the population of Ogden on his arrival there this morning and after having been accorded an enthusiastic reception in every town and thru the country as he motored to Salt Lake, Mr. Harding speaking from the steps of the city hall at Bountiful, a little town near this city, declared that the "greatest joy, the honest compensation and the greatest inspiration which can come to the incumbent of the presidential office are found in getting away from the office at Washington and meeting people just as I am meeting you."

"It is a joy to those in authority to know that there is so much happiness and so much confidence in the future of our country," he added. "I have had my own faith renewed today and I am grateful for the opportunity of greeting you as well as having you offer your greetings to us."

The welcome given the president was non-partisan. Mrs. Harding at every stop during the motor trip of forty miles from Ogden to Salt Lake City was almost buried under flowers. When Mr. Harding stepped off his train at Ogden he was greeted by Senator Smoot, a Republican, and by

Senator King, a Democrat. Children standing along the streets and roads, waving flags and sometimes singing patriotic airs, played a large part in the welcome.

A thousand delights have come to us in getting more intimately acquainted with your wonderful country," the president said. "I love the magic and wonderful picture that nature had painted everywhere. I love the prospect of great productivity in the fields, but I love above all else the boyhood and the girlhood of marvelous Utah. Nothing can go wrong with a republic in which so many healthy, happy children are developing amid the opportunities and privileges of our America."

While in Ogden the President and Mrs. Harding shook hands with a set of triplets and twins, all members of one family.

Arriving in Salt Lake City about noon, the president was greeted by school children in Liberty Park after a tour of the business district and then went to a hotel where he shook hands with approximately 3,000 persons at a public reception.

The chief executive got the first full afternoon of recreation of the trip here today. He went out to the Salt Lake Country Club for a game of golf, remaining there until dinner.

Mrs. Harding later in the day received a committee of Utah women who presented to the first lady a brooch of Annapolis, a Utah semi-precious stone. On leaving here tonight after the tabernacle address the presidential party will travel into Southern Utah to spend tomorrow in Zion Park, the first of the three national parks to be visited by the president during his western trip. Tomorrow evening members of the party again will board the train and turn northward to spend Thursday in Idaho with stops to be made at Pocatello and Idaho Falls.

GOVERNOR SMALL MAKES PROGRESS IN SIGNING BILLS

Had Signed Approximately 200 Tuesday Afternoon

(By The Associated Press) SPRINGFIELD, Ill., June 26.—When Governor Small closed his office late today approximately 200 of the 325 bills the legislature passed on his desk had been disposed of.

He has until Saturday, when the legislature meets to effect final adjournment, to act on the remaining measures.

The governor signed 39 bills today and vetoed two others. He spent a part of this afternoon in listening to a discussion of school measures with the intention of taking action on all school legislation.

The two measures vetoed were house bills 229 and 230 introduced by Representative Roger Little of Champaign, Republican floor leader. The two bills permitted county recorders and clerks of superior, criminal, county and circuit courts to close their offices on Saturday afternoons. The governor declined to approve these measures on the ground that in small towns especially the busiest days for these officials are Saturdays.

Most of the measures signed today dealt with minor legislation.

LITTLE PROGRESS IS MADE IN SELECTION OF CONSPIRACY JURY

One Panel Exhausted and Only One Juror Secured

(By The Associated Press) WAUKEGAN, Ill., June 26.—One jurymen tentatively accepted by both sides and four tendered by the defense for questioning by the state was the net result of the second day's session today in the trial of Edward Courtney, Edward Kauffmann and John B. Field on charges of conspiracy to corrupt the jury which acquitted Governor Small of conspiracy charges last year.

The first panel of 36 veniremen was exhausted with only Jacob Corris, a Lake county farmer, tentatively agreed on as qualified to hear the case.

A special panel of 75 men has been summoned for service. Fixed opinions in the case were the chief disqualification factor among the veniremen.

Difficulty was added to the task of selection by the decision today of Judge Hopkins that the jurors will be held in the custody of the sheriff from the date of their assignment to the case until after the verdict is returned. State's Attorney A. V. Smith argued against the action with the suggestion that the confinement of the jurors at this session would make service a burden upon the farmers of the county and greatly complicate the task of securing a panel.

Seek Political Affiliations The political affiliations of veniremen were closely questioned.

Attorney E. M. Runyard in examining the prospective jurors laid emphasis upon the interpretation of the law that all defendants must be presumed innocent until actually proven guilty by the decision of the jury. He called attention repeatedly to the fact that none of the defendants ever had appeared before the grand jury and pointed out in each case that under the law the indictment was in no sense to be regarded as evidence of guilt.

Indication that none of the defendants would go to the witness stand was given in the questioning of the veniremen by the defense attorneys who pointed out frequently that the burden of the trial was with the state to prove its charges and not for the defense to disprove them. Every juror accepted was asked whether he would hold the defendants' failure to testify as evidence of guilt. A disagreement over the matter of selecting additional veniremen delayed the case for a ruling by Judge Hopkins, "that the strict letter of the law must be followed by the county sheriff."

The ruling places the naming of additional prospective jurors entirely in the hands of the sheriff.

HARDING ADDRESSES CITIZENS OF SALT LAKE CITY TUESDAY

Thousands Hear Executive Discuss Taxation of Country

(By The Associated Press) SALT LAKE CITY, Utah, June 26.—The Mormon Tabernacle which seats 12,000 persons was jammed to the doors tonight to hear President Harding speak on taxation.

Thousands more were gathered outside on the tabernacle grounds to hear the address, the sixth prepared speech of Mr. Harding's amplifying apparatus. The assembly hall nearby in the temple grounds, likewise was comfortably filled.

Preceding the president's arrival an organ recital was given and strangely considering this western city and the character of the building where the meeting was held loud applause was given such tunes as "Maryland, My Maryland," and "Marching Thru Georgia."

The president and Mrs. Harding arrived at 8:20 o'clock and the audience cheered them and Governor Mayby for four minutes. Senator Smoot, arising to act as the presiding officer, was greeted with "Hurrah for Smoot" and loud cheers.

The meeting was opened with singing of "The Star Spangled Banner" by the tabernacle choir and the audience. Bishop Moulton of the Protestant Episcopal diocese of Utah, offered the invocation.

The president began to speak at 8:51 o'clock after introduction by Governor Mayby. Previously Senator Smoot had introduced to the audience Speaker Gillett and Secretaries Work and Wallace, all members of the presidential party.

Greeted by Applause Loud applause and shouts greeted the president. One of those who led in the applause it was noted was Heber Grant, head of the Mormon church, who sat on the platform.

Opening his remarks, President Harding again expressed his appreciation of the reception given his party by Utah and complimented the state on having Mr. Mayby for its governor. He said the greeting had won the hearts of Salt Lake's guests and nothing in the trip across the continent would leave a sweeter impression.

The audience listened attentively but quietly while the president presented a mass of figures respecting taxing and government costs, but burst into applause when the president pointed with pride reduction in federal taxation; to the lowering of the nation's debt and to conclusion of a debt settlement with Great Britain.

The president concluded his address shortly after 10 o'clock after declaring that the World War had revealed the soul of America with aspirations but that the nation now was drifting back.

FRANCE NOT A PROMPT DEBTOR

The books of the French treasury purport to show that an expected deficit of 3,750,000,000 francs has been turned into a surplus of 300,000,000 francs, and the fact is cited for favorable comparison with what the United

States and Great Britain are doing. Of course the figures furnish no basis of comparison at all. France is not paying a cent toward the interest, now four years in arrears, on her debt to the United States, nor has she made any effort to lower the principal of that obligation. Neither has she made any move to liquidate her huge indebtedness to Great Britain. The British, on the other hand, are following the agreement for the payment of their debt to this country, and their treasury figures include items for interest in full and for reduction of the principal. It will be impossible for France and the other debtor nations to maintain their credit before the world and fail to acknowledge their just obligations to this country.

TO DRY UP TURKEY

"Pussyfoot" Johnson, American apostle of prohibition, is going to Asia to preach teetotalism to the Moslems, particularly the Turks. "They're natural prohibitionists," says Mr. Johnson, "and I'm going to give them a little exhortation to let their nature express itself." He will go to India for the same purpose, to exhort the followers of Gandhi to stick to the dry faith.

It is a useful work. And while our dry prophet is thus exhorting the Asiatics, it might be well if Asia would send a couple of prophets here, to exhort Americans to live up to our own prohibition laws.

FREIGHT CAR RECORDS BROKEN

All records for railroad freight cars loaded with freight compared with car shortage are being broken. In the last week in May there were 1,014,029 cars loaded, while the shortage was only 16,277. Compare that record with private operation to the period of government control. In October, 1920, when loadings were at the rate of more than a million a week, the daily car shortage ranged between 55,000 and 75,000. That condition grew worse and extended beyond the date when the roads were turned back to their owners. It was a long time before the private operators could overcome the handicap of damaged rolling stock left on their hands by the government. Last fall the shortage ran from 85,000 to 175,000, but beginning with the present year the roads have been making rapid strides toward rehabilitation, and have not hesitated to spend hundreds of mil-

lions of dollars for that purpose. They are in better position now to handle the immense flow of traffic that the country's prosperity is bringing them than they ever have been before.

AN EXAMPLE OF EFFICIENCY

A Landis has been suggested for the coal business of the United States. It has many arguments in its favor. We all know or have read what came to pass when General Grant was placed at the head of affairs in the civil war. What took place in the World War when Marshal Poch was placed in supreme command is well known. A wise manager if clothed with power, would doubtless close many unprofitable mines and first of all try to have no more than were needed. He would seek earnestly the best welfare of the miners in negotiations in the mines, wages and an endeavor, as far as possible, to provide steady employment.

He would not permit the development of new mines unless they were needed. He would try, by drastic means if need be, to require people to stock their cellars and bins during the summer for generally coal is a material which cannot be mined profitably ahead of its needs.

The American people are restive under such authority and prefer to pay the price of greater freedom.

Before the World War the writer traveled somewhat extensively in Germany and made a careful note of many things. A very prominent German authority said that eight per cent of the population of Germany wholly ruled the rest. No one ever heard of a fire in Berlin. It was the model city of the world. If a man built ever so mean a structure in the great city an official stood by and saw to it that it was so built it couldn't burn.

The waste of valuable material thru drainage in our great cities is colossal. In Berlin sewers empty into a septic tank and hundreds of acres of worthless land have been reclaimed as a result. There is hardly a sewer or water closet connecting in Japan or China. Animals are so scarce the people are compelled to save all offal for fertilizer.

In Germany if a man wanted to build a home in a city the government saw to it that he bought his lot at a fair price; if he was a farmer the government saw to it that he secured fertilizer all right.

A certain industry had a practical monopoly of a valued pro-

duct. A competitive factory was started in another country. The government went to the home industry, told them to build a competitive factory in that place, sell below cost and run the other out. There were 13 phosphate companies. The government brought the managers together, compelled them to form a trust and manage the whole with one set of officers.

Coal tar used to be a great nuisance. The German government put 200 chemists to work on it and more than 5,000 distinct articles known to chemistry are made largely from coal tar and before the World War Germany had a monopoly of dyes. A prominent officer told the writer that Germany had 65 per cent of the ocean trade.

Much more could be written in the same way. This is by no means a plea for Germany. That government was exactly like a man who has a fine team, takes the best of care of it in every way and then works it to the full limit of its strength. So puffed up was it by its success that it brazenly set out to conquer the whole world and fully expected to do it.

German locomotives had no pilots or cow catchers and no bells. No need of them. All crosses, wagon or rail, were over or under. At a station any one not an employee was fined if he stepped on the track. If he wanted to cross he had to climb a stairway to a viaduct even in a small station. Result: very few casualties.

Of course the American people will not stand such management and are willing to pay the price for greater freedom. President Harding shows his practical statesmanship in recommending consolidation of railroad lines insuring far greater economy in management. Our country cannot go as far as Germany went, nor is it desirable but some useful lessons may be learned from that country. Poverty was never in evidence there and a beggar was a thing unknown.

BIRTHS

Mrs. Dillon Bridgman has received word of the arrival of a 7½ pound daughter at the home of Mr. and Mrs. Gerald Green in Detroit, Mich. The young lady's name is Ruby Lorraine.

Born Friday June 2nd to Mr. and Mrs. John F. Miskell of Chicago a son, Owen Frederick. Mrs. Miskell was formerly Miss Mayme Shipley of Chicago.

WHAT THE COLLEGE MEANS

India says: "Educate a woman and you put a knife into the hands of a monkey."

America says: "Educate your womanhood and you contribute an inestimable element worthy citizenship."

Illinois Woman's college—here in our own Jacksonville—is the symbol of higher education for women, the open door to the larger intellectual life!

It represents a lofty type of scholarship, a fine idealism and therefore a large opportunity of training for service.

Forty-seven states and seven different countries were represented in its student body this year. Its influence is far reaching and without estimate.

The demands for a high grade college for women is such that the present attendance could be doubled—even trebled—in a few years.

It needs additional dormitories and class rooms. But its paramount need is increased endowment.

Jacksonville benefits socially, morally, financially, spiritually, from the presence of administrators, professors, students and many families who choose this as their residence because of the College.

It has done generously by the College. However, the gifts of yesterday, the demands of yesterday and the equipment of yesterday, are not sufficient for today. Jacksonville has always done the fine thing. It will arise in this emergency.

\$100,000 for Illinois Woman's College by July 31. It will be done!

WITH THE SICK

Mrs. W. H. Cocking who has been a patient at the sanatorium at Hinsdale, arrived home Tuesday morning very much improved. Mr. Cocking drove to Hinsdale last Friday and accompanied his wife home.

Floyd and Gerald Taylor sons of Mr. and Mrs. Wilbur Taylor residing on North Main street who have been very ill with typhoid fever at Passavant hospital are improving slowly.

Mrs. Taylor Henderson was able to return to her home on East street Monday from Our Saviour's hospital where she has been a patient for some time.

OBITUARY

OBITUARY

James W. Gibson, son of Rev. John M. and Mary E. Gibson, was born in Youngblood Prairie, Morgan county, Illinois, Feb. 9, 1857, and departed this life at his late home in Jacksonville, at the age of 66 years. In the year 1864 the family moved to a farm near Providence church where James grew to manhood and at the age of 16 years was converted and joined the Providence M. E. church and was held in high esteem.

In 1885 he was united in marriage at Franklin with Miss Mary E. Lyons, daughter of the late Miles Lyons of Franklin. Immediately after the marriage he and his bride moved to Greasy Prairie where the home was maintained for 34 years.

In this home were born two children: Vernon Leo, who died in infancy, and Ivalou Mae, now wife of William E. Hart, who with the wife survive. About the year 1887, not being satisfied in his faith he joined the Catholic church in which he lived a constant and faithful member until his death.

About 4 years ago he and his wife moved to Jacksonville where they since resided. He leaves to mourn his loss besides the wife, daughter and two grandchildren, two brothers, A. D. and R. Y. Gibson of Franklin; three sisters, Mrs. Hannah Six, also of Franklin, Mrs. Julia Mansfield and Mrs. Mary Moon of Jacksonville, and numerous nieces and nephews.

His father and a sister, Della, passed on many years ago. A sister, Mrs. Elizabeth VanWinkle, died May 1, 1908, a brother, George, March 14, 1910, and his mother, three years ago.

Mr. Gibson was a man of fine character and highly respected by all who knew him. He was always industrious and energetic and not until ill-health overcame him did he give up his active duties.

He was a very patient sufferer for more than a year, always looking on the bright side. His was a life of cheerfulness, always a smile and a word to the smallest child.

He trusted in his Redeemer for strength and grace to bear his suffering. The day before he died he said, "All is well, I am ready to go."

A precious one from us is gone. A voice we loved is stilled.

A chair is vacant in our home which never can be filled. God in His Wisdom hath recalled The boon His love had given. Tho His body is no longer here His soul rests safe in heaven.

NEW PEARL VALUED AT \$60,000

Sydney, N. S. W., (By A. P.)—The discovery at Brombe of a pearl of 102 grains, of double-butter shape, is reported by the chief pearling inspector of West Australia.

The pearl, which is valued at \$60,000, surpasses the famous "Star of the West" which weighed 101 grains and was valued at \$50,000.

CAMPAIGN FOR COLLEGE IS NOW IN PROGRESS

Solicitors in Woman's College Campaign Made First Reports at Noon Tuesday — Result of First Hours of Campaign Meets Expectations.

Solicitors working in the Woman's College campaign made their first reports at the noon-day luncheon Tuesday at the Pacific hotel. Subscriptions totaling \$5,120 were announced. This total was fully as large as expected, for many of the team workers did not get started until afternoon.

The reports of pledges secured will be announced at noon each day and the total so far as the public is concerned will not be changed except at the noon hour. This means that pledges secured yesterday afternoon or last night will not be announced until the luncheon today.

The change in the weather was very acceptable to the solicitors and they started out with more zest and enthusiasm in their canvassing work than would have been possible if the extreme heat of Sunday and Monday had continued.

Practically \$95,000 is to be raised in the next four days and while that sounds like a huge task it is by no means an impossibility and the experience in other campaigns gives sufficient reason for the faith that is dominating the general committee and the team captains and workers.

The subscriptions reported yesterday were as follows:

| |
|---|
| Team No. 1—Harry Andre, captain, reported.....\$ 150.00 |
| Team No. 3—Fletcher Blackburn, captain.....235.00 |
| Team No. 6—John Larson, captain.....600.00 |
| Special reported by Dr. M. G. Terry.....2,000.00 |

LEAVE FOR MICHIGAN

Mrs. John A. Rawlings and family start early this morning in their automobile for Michigan. They are to make a brief stop at the home of relatives in Ashland and will then drive directly to Traverse City where Mrs. Rawlings' sister, Mrs. William Walter Moore, is now living. They expect to be gone from Jacksonville for the entire summer.

Mr. and Mrs. Alva Birdsell and son of Buffalo, New York, are visiting with Mr. Birdsell's parents Mr. and Mrs. James Birdsell north of the city.

Roll the Clouds Away

The car-owning public have all too long "hung crape" on the repair business.

In the long run repairing and maintenance will be the salvation of automobile driving. Cars will never be produced that run forever without expert care.

Just because regrinders and repair men have to do with hard-used, badly misused cars, is no reason why their business should be regarded as low and degrading.

The physician who works over badly diseased bodies, or the dentist who works over foul mouths and decayed teeth has the respect of the public.

To take an abused engine (ready for the junk as some would say) and to put it back into first class working condition, there is glory and satisfaction in it.

It isn't everyone that can do reconstructive work of such a delicate nature.

It always has been and always will be the man who can make something out of nothing, who wins the plaudits and praise of the public.

Old Jacksonville

BACK TO THE OLD PLACE

(BY ENSLEY MOORE)
Member Illinois Historical Society

The other day Mrs. Edward Higginson, who was Miss Mattie Glover before her marriage, paid a flying visit to the old town. No older settler needs to be told who Mattie Glover was, but the newer ones will not so readily recall her.

In one of her calls Mrs. Higginson spoke of going to the old Glover house, on Grove street, now the residence of Mrs. James C. Fairbank, and looking over the things she remembered so well. It is not only well known to her, but there are many of our old boys who know of the happy times they spent over there, especially on Saturdays, the boys used to go over to "Beecher's." The house was a resort, and the pasture was a longer and wider one, and the open ground in front of the house, then unoccupied, and known as the "prairie" afforded additional room for youthful sports.

Mrs. Higginson, in speaking of the oldtime basement of the house, referred to the names of boys written on the woodwork

down there. Probably most all of the boys are gone from among men, but they were well known here years ago.

She recalled the great old willow tree whose branches overhung the well, and how she used to swing on them.

Robert Hockenbuhl, the old druggist and banker built the house just east of Dr. Glover's, where the Old Folks home is now, and Mrs. Higginson went in there and visited the old part of the house with the tower on it. There she had spent many of her childhood hours, and it brought back many recollections to her mind.

Dr. Glover bought the "old Wetherbee house" about 1854, and Mr. Hockenbuhl built his residence in 1858. Dr. Glover lived in his house until about 1881 when he passed to his reward.

Mrs. Higginson was married in "the seventies" and went first to Humboldt, Kansas, where she lived for 8 years, and then Wichita. She has travelled much in her own country, and all this has been but the widening of her education at the Academy and the developing further of an exceptionally fine mind inherited not alone from her father, but also from her mother, a sister of Dr. Rufus Nutting, so long a professor in Illinois college.

Mrs. Glover's father, Prof. Nutting had an Academy at Lodi, Michigan, in Mrs. Glover's youth. Boys who play with each other often take notice of the other fellow's sisters, and Mattie Glover had a charm in her childhood which she has never outgrown.

Of course, in visiting with Mrs. Higginson, one thought and talked largely of those who have gone before. But it is a pleasant thing to think of the looks and visits of those we delighted to know.

Mr. Higginson, too, was one of those we were glad to know, and enjoy remembering. Some of those who were not intimate with him will probably recall him as a clerk in Charles M. Eames' bookstore, and in church activities, as well as socially.

Jacksonville is nearing its Centennial, and there have been an unusually large number of fine people here, whom it was a delight to know and the Higginsons and Glovers were among that number.

Mrs. Thomas Heaton has returned to her home in the city after a visit with relatives and friends in Kansas City, Mo.

WATT FUNERAL AT WINCHESTER

Was Held at Home of Brother Tuesday—Other News Notes from Winchester

Winchester, June 26.—The funeral of Miss Kate Watt was held at the home of her brother, D. D. Watt at 10 o'clock Tuesday morning.

The home was filled with relatives and friends. Mrs. Fred Neat and Miss Martha Higgins sang "Beautiful Isle of Somewhere" and the Reverend E. L. Bayliss read the Scripture and offered prayer. Mrs. Gertrude Demerath sang "In the Palace of Light," accompanied by Mrs. W. H. Kinsion. Reverend Bayliss then read the obituary and delivered a very impressive sermon. A duet, "Holy Ghost With Light Divine" was then sung by Mrs. Neat and Miss Higgins. The closing prayer was offered by Reverend Bayliss.

The pallbearers were George W. Owings, J. W. Kellam, Frank Mason, Claude Thomas, W. B. Clark, and Karl Miller.

The many beautiful flowers were cared for by Mrs. John Leib, Mrs. Charles Anderson, and the Misses Bertha Miner, Nellie Lashmet and Mary Woodall.

Interment was in Winchester cemetery.

Mrs. Winnie Harper and daughter of Canton arrived Tuesday to visit at the home of Mr. and Mrs. Robert Woodall.

Dorothy Nelson, daughter of Mr. and Mrs. Carl Nelson has been quite sick with the measles but is now improving nicely.

Mrs. W. T. Clarkson and daughter Katie Vee of Jacksonville arrived Tuesday for a visit at the home of Mr. and Mrs. Herman Smith.

Mr. and Mrs. Lou Goodell and Leo Boylan of Beardstown motored to Winchester Tuesday for a short visit with friends.

Dr. and Mrs. H. H. Fletcher and son Wayne, Mr. and Mrs. Melvin Murray, and Sim Smithson and family motored to Barry Sunday where they met Mr. and Mrs. N. B. Gettys and daughter, Nellie Rose and Elder G. B. Murray of Quincy. They spent the day there by enjoying a picnic.

SLAYER OF WIFE TRIES TO SUICIDE

With Axe at Marry Yesterday at Passavant Hospital—Condition is Not Serious.
Hal Wells who killed his wife with an axe at Barry yesterday afternoon is a patient at Passavant hospital after an attempt to commit suicide by slashing his throat and the tendons of his left wrist with a razor.
Wells' family had noticed that he was acting in a peculiar manner for several days. Yesterday he was left alone with his wife for a few minutes while his father went to take a ball of binder twine to another son who was cutting wheat.
The father heard the wife scream and hastened back to the house. He saw his son running from the woodshed and called to him but he did not stop and disappeared into a deep woods nearby. The father found his son's wife lying in the woodshed. She had been struck with the back of the axe over the left eye and was dead when he reached her.
After quite a search the son was found in a deep ditch with his throat cut. He had lost considerable blood. He was brought to Passavant hospital where he was attended by Dr. C. E. Black, Dr. Ellsworth Black and Dr. David Reid. His condition is not serious.

NATION WIDE HUNT IS BROUGHT TO CLOSE

(By The Associated Press)
CLEVELAND, O., June 26.—The capture of John L. Whitfield brings to an end a nationwide hunt which started on May 11, with the disappearance of Patrolman Dennis Griffin. He is under indictment for first degree murder of the policeman. It is the second time that Whitfield has been arrested since he left here on May 11, with Marie Price a 14 year old girl in the roadster in which Griffin is believed to have been slain. He and the girl were taken into custody in a Madison, Wis., restaurant on the night of May 22, but Whitfield escaped from two policemen while they were waiting for a patrol wagon.
The girl, who expects to become a mother next month, was brought back to Cleveland. After being held in jail about a week as a material witness, she was released on \$5,000 personal bail at the request of county prosecutor Edward C. Stanton. She returned to her home in Port Wayne, Ind., with her mother, Mrs. Arabelle Price, who joined her in Madison.
Rewards totaling about \$2,000 have been offered for Whitfield's arrest.

Kellogg's Bran is Guaranteed to give relief BECAUSE IT IS ALL BRAN!

Relief from constipation, whether it be mild or chronic, will follow the regular, every-day eating of Kellogg's Bran. We have thousands of letters from former sufferers who tell us that the natural "bulk-action" of this wonderful cereal product has given relief they have not known for years. We guarantee that Kellogg's Bran will free the system from constipation because it is ALL BRAN—not a composition in which bran is added. If constipation is to be permanently relieved, you must eat ALL BRAN—that's why your physician will recommend Kellogg's for constipation.
Constipation creates toxic conditions which poison the blood and every organ of the body. It slows you down mentally and physically, and creates sick headaches, nausea, bad breath, pimples—finally, in many cases, leading to Bright's disease, diabetes and other dreaded illnesses. You must fight constipation with Kellogg's Bran regularly if you want health!
You'll say Kellogg's Bran is really delicious—it has a nut-like flavor that appeals to the most fastidious appetite. Eat it as a cereal, sprinkled on hot or cold cereals or cooked with hot cereals, allowing two tablespoonfuls of bran for each person. Be certain to eat at least two tablespoonfuls each day; as much with each meal in chronic cases. Kellogg's is delicious made into muffins, macaroons, raisin bread, griddlecakes. Recipes in every package. Kellogg's Bran is served by leading hotels, clubs and restaurants in individual packages. It is sold by all grocers.

DANISH BUILDING CURTAILED
Copenhagen, (By A. P.)—The French occupation of the Ruhr is materially affecting the welfare of Denmark, according to the Scandinavian Shipping Gazette. No iron, steel, coke, dyes or other goods have come from the Ruhr since the French went in. Danish shipbuilding has been hard hit, work on 12 new ships in Copenhagen having been stopped. The lack of supplies increases the number of unemployed, and extensive building programs have had to be curtailed.

**MARK STREET FOR
AUTOMOBILE DRIVERS**

The intersection of Sandy and North streets in front of the fire department has been marked off with lines showing the limits of the outswings for cars turning the corners at the intersection, the work being done by members of the fire department.

From appearances this would be a very good practice at all of the principal intersections in the city as it would eliminate part of the dangers encountered in a swing that was too wide, and would lead a great many motorists to slow down sufficient at the corners to stay within the bounds.

UNKNOWN WOMAN**

An unknown middle-aged woman yesterday afternoon about 3 o'clock entered the Sperry & Hutchinson stamp premium store which is located in the balcony at Rabjohns & Reid and decided that a fine umbrella that she saw there was something to be coveted.

She very calmly removed the cover which she placed in her pocket and walked out without even thanking the young lady clerk in charge. The young lady, however, was wide awake and followed the woman to the Schmalz grocery store on the north side of the square and forcibly regained the property.

The woman was not known and was allowed to go her way after giving up the umbrella that she prized so highly.

**PREPARE TO PUSH
NEW HOTEL PROJECT**

Nine Directors Chosen at Meeting of Stockholders Held Tuesday Night—Men Who Served on Executive Committee Constitute First Board.

Stockholders of the Jacksonville hotel corporation which is in the process of organization, met Tuesday night in the auditorium of the Jacksonville high school for the election of directors.

Henry Frisch was named temporary chairman of the meeting and Harold Welch, temporary secretary, and subsequently the choice was made permanent.

The list of directors chosen includes H. M. Capps, E. E. Crabtree, M. F. Dunlap, Henry Frisch, Harrison King, John W. Merrigan, H. J. Rodgers, R. Y. Rowe and J. W. Walton.

These directors have served as members of the executive committee during a period of months, and it was evidently the wish of the majority of the stockholders that they should continue in the management of the project.

Something more than 1200 shares of stock were represented at the meeting by about 125 share holders. After the preliminary steps of organization had been taken the chairman appointed nine tellers for the counting of the ballots. The tellers were D. E. Sweeney, C. A. Fiedler, C. J. Buhrer, H. K. Snyder, M. A. Hulett, L. S. Reid, Lee Sullivan, J. N. Conover and W. G. Goebel.

While the tellers were engaged in the extensive work of canvassing the vote, Secretary Welch read the proposed by-laws section by section. The by-laws had been prepared by Walter Bellatti as attorney and with but one or two amendments were adopted.

By motion the directors were authorized to proceed with the organization of the corporation. These nine directors will hold office until next January, when the annual election as provided by the by-laws will be held. Such an election will occur in January of each year.

It is assumed that the directors will meet at an early date for organization and no doubt they will proceed with the project just as rapidly as conditions justify.

**WAVERLY BOY ROBS
JEWELRY STORE**

George Luttrell, 10 years old, broke into the jewelry store of Frank A. Wyle at Waverly yesterday noon while the proprietor was out to lunch and made away with watches, rings, pocketbooks, and fireworks to the amount of \$50. The child was discovered with one of the missing watches in his possession and when examined admitted the theft. Entrance to the building was made thru a back door.

The boy has been discovered in several pilfering cases before and a board of physicians will be assembled to inquire into his sanity. No proceedings will be taken until the result of the examination is made known by the doctors.

Harry Luttrell, a teamster of Waverly, is the father of the child.

**WHAT ONE FARMER
IN IOWA DID**

Miss Winifred Willard, who as director of publicity representing the board of education of the Methodist church, is here to aid in the Woman's college campaign, yesterday told an interesting story of the campaign just closed for Simpson college, Iowa.

It was on the last day of the campaign period that a farmer collarless and dressed in the working clothes of a real dirt farmer, walked into the campaign headquarters and asked to see the "big boss" of the campaign. He was referred to the minister who was serving as campaign chairman, and after the two had been closeted for a brief period it was announced that this plainly garbed individual had made a pledge of \$100,000 to the college fund.

The voluntary subscriber said that he had originally made a pledge of \$2,500 but that in thinking it over and in considering the needs of the college and the possibilities for its growth, that he had felt that he was not measuring up to his duty and so had decided upon the large gift.

A 328 acre tract of fine Iowa land will thus be transferred to the college.

The farmer donor who is 60 years of age and a bachelor, although so generous is the owner of still other land and will have plenty to meet his own needs while he is able to carry with him the memory of a most generous gift to Simpson college.

**WALTER HUFF HAS
NARROW ESCAPE**

Local Resident's Eyes Injured by Explosion at Galesburg—Sight Will Not be Impaired.

Word was received in Jacksonville some time Monday night that Walter Huff who is employed by W. H. Cocking & Co. was seriously hurt by the explosion of a battery causing acid to be thrown in his face and eyes and that there was great danger of his losing the sight of both of his eyes.

The accident happened in Galesburg where the Cocking company has a large road oiling contract and after the accident Mr. Huff was immediately rushed to St. Mary's hospital in Galesburg and his eyes given immediate attention.

He returned to Jacksonville over the Burlington at 2:13 o'clock Tuesday afternoon and was taken immediately to the office of Dr. A. R. Gregory who announced that both of his eyes were out of danger and that he would be able to resume work in a very few days. The statement was also made that if the eyes had not received prompt and proper treatment there would have been no chance whatever of saving the sight.

Mr. Huff has always been a popular citizen of Jacksonville and his friends are more than pleased that his escape from total blindness was so fortunate.

Mr. Cocking also states that a great deal of praise should be given to the physicians of Galesburg who worked all night in the effort to save Mr. Huff's eyesight.

**A GREAT GIFT
FOR A UNIVERSITY**

The weekly news letter of the board of education of the Methodist church records a gift of \$1,500,000 in real estate to Denver University. This gift was made by James H. Causey, a Denver business man and former partner of Governor Sweet of Colorado, and is the largest single gift in the history of the university.

Mr. Causey has placed no restrictions on the use to which his gift shall be put, although in a letter to the board of trustees he indicates that he would like to have the income used from the property for "the creating of international, social and industrial good will."

Friends of Illinois Woman's college cannot but think as they read this story, what a wonderful thing it would be if something of the same kind would happen for the college. A gift of a tenth of a million would make possible the goal in the local campaign.

**GIVEN HEAVY FINE
FOR BOOTLEGGING**

In the county court yesterday Judge Samuel assessed a fine of \$300 and costs against Mrs. Lizzie Atterberry, who entered a plea of guilty to a charge of bootlegging. John Atterberry, husband of the woman, is facing trial for a like offense.

After Mrs. Atterberry had indicated her intention to plead guilty she was warned that this action would not be likely to lighten the punishment. State's Attorney Robinson informed the court that the Atterberry home on Broadway alley has been for months the scene of flagrant violations of the liquor law, but until very recently the state's attorney had not been able to secure direct evidence of sales.

**ELECTRIC SIGN
IS INSTALLED**

G. A. Silber was working yesterday installing a large electric sign at the West State store of the Gilbert Pharmacy, the sign containing the one word "Drugs" in letters about 15 inches high.

The sign which has been at that place will be removed to the establishment on the south side of the square.

Mrs. W. B. Rogers, daughter, Mabel, and Mrs. T. J. Simons of Miller, S. D., who is visiting at the Rogers home motored to Waverly yesterday afternoon for a call at the home of Wilbur Rogers.

**J. N. WARD WRITES
FROM SOUTHERN HOME**

Former Resident Likes Florida But Does Not Lose Interest In Jacksonville.

John N. Ward, former Jacksonville resident has been living in St. Petersburg, Fla., for several years past. Mr. Ward fully appreciates the fine surroundings in his new home city and the growth there, but nevertheless still maintains his interest in his old home.

In a recent letter to the Journal Mr. Ward wrote as follows:

The Journal has been a welcome visitor to my home for fifty-five years, so you may imagine how lonesome I would be without it. Even the advertisements look good to me as I see the old familiar faces on the printed page. It gives me great pleasure to note the strenuous efforts to develop new enterprises and beautify the surroundings and hospitable homes, which it has been my privilege to enjoy so many years. While I enjoy and am proud of my adopted home I can never forget the old friends and familiar scenes.

St. Petersburg is growing very rapidly. Our building permits have averaged more than four million dollars for the past two or three years, largely new homes many for winter visitors, but a large share for permanent residents. Among numerous fine hotels under construction, costing half million, we are soon to have one on the water front costing four million dollars. The Gandy bridge more than six miles long, connecting Tampa and St. Petersburg costing two million dollars, was financed almost entirely with local capital. It will be ready by January 24. Our county has just voted nearly three million dollars for new and improved brick and asphalt block roads.

Many of these highways are being beautified with oleanders, hibiscus and other flowering plants. There are several new subdivisions being opened in which millions are being spent in improvements, walks, buildings, plats, etc.

In a very few years it will be very difficult to find a more attractive spot than here. In fact, this is very general all over the state. Florida is just coming into her own, as the climate and other possibilities are becoming known. Eastern capital is fast being invested here.

**VACATION BIBLE
SCHOOL IS SUCCESS**

Attendance Good Despite Extremely Hot Weather—School to Close with Pageant.

In spite of the extreme heat of the past few days the Daily Vacation Bible School, now in its second week, is maintaining a fine attendance average.

In the primary department at Grace church the little ones are interested in the study of birds from appropriate pictures and also part of the day is spent in listening to stories from the Bible.

At the Christian church the Junior department are instructed and amused by Miss Jennie Grassley and Miss Frances Alkire. The basket weaving class in this department is under the supervision of Miss Laurene Torrey who was a pupil herself in this department last year. Miss Louise Leith of Brooklyn church, who won the prize in this department last year is trying to again win this year.

The Intermediate Department at the Baptist church is under the leadership of the Reverend A. J. Howells who also sets them the example in map work, having on exhibition a beautiful mat made of common green twine. In this same department the pupils under the direction of Miss Bertha Mason are weaving eight ham-mocks.

The close of the school will occur one week from next Friday and an entertainment and pageant will be given in Grace church auditorium at that time.

**GEORGE FERREIRA TO
HANDLE FRANKLIN CAR**

Announcement has been made that George Ferreira has taken over the agency for the Franklin car which has been held by C. N. Priest and his agency will be moved to North Sandy street in the new garage just completed by Mr. Ferreira. It is proposed to have the new place open for business next Monday July 1st. The business will be in charge of S. D. Royalty who has worked as a special Franklin service man for the past six years.

Mr. Priest will continue in business for a while at the old stand on the corner of Court and West streets.

**FIRE DAMAGES
BARN OF J. B. OGLE**

The barn belonging to J. B. Ogle, 710 East Norla Street, was damaged by fire Tuesday afternoon. It is believed that the roof was set on fire by sparks from the engine of a Wabash passenger train as it was first discovered, soon after the passing of the train.

The fire department was called and succeeded in putting out the fire, the principal damage being confined to the roof. A horse was also rescued by the fireman from the burning barn.

**PEARL PICKLE INJURED
AT INDIANAPOLIS**

W. W. Pickle Monday received a telegram from the wife of Pearl Pickle stating that Mr. Pickle had sustained a serious injury in an accident in Indianapolis where they reside. The telegram did not state the nature of the accident but said that there were several ribs broken and he was severely bruised, the full extent of which could not be determined until after an X-ray of the injury had been taken. Mr. W. W. Pickle wrote for further information but has not yet received a reply.

It is supposed it was an auto accident as Mr. Pickle works as a car tester for the Studebaker people in Indianapolis.

Wilson-Woods
Elmer E. Wilson, of Merritt, and Miss Irma Helen Woods of Chapin, were united in marriage at Chapin Christian church last Saturday. The officiating minister was Rev. Charles A. Middleton. Jesse F. Markille and Miss Frances Harvey attended the young couple. The groom is C. B. & Q. agent at Merritt, and is a son of Mr. and Mrs. Nathan Wilson. The bride is a daughter of Mr. and Mrs. Andrew Woods.

Mrs. Harrison Robinson was a city visitor from Prentice yesterday.

W. N. Luttrell was numbered among callers from Franklin yesterday.

**DR. BAKER TAKES
GENEROUS ACTION**

A quit claim deed from Elvin F. Baker and William H. Slater to Josephine Morey for the residence property at 220 Caldwell street was filed for record at the court house yesterday.

This is the home of the late Rev. Alexander B. Morey to whom Dr. Baker deeded this property on an annuity basis twelve years ago.

While the annuity was to continue until the death of Dr. Baker, he decided to release the widow and daughter from further obligations from and after May 1, 1923.

Dr. Baker has also cancelled a small mortgage he held against the home of Mrs. Mary D. Creamer at 500 South Payette street.

**OAK LAWN ANNUAL
REPORT ISSUED**

The first annual report of the board of directors of Oak Lawn has recently been issued in pamphlet form. The report was compiled by Dr. T. O. Hardesty, who was associated with the board until the close of the year.

The pamphlet gives in addition to statistics, analysis of service, together with an historical sketch of the sanatorium. The report represents a large amount of painstaking effort on the part of Dr. Hardesty.

Copies of the report may be secured by all persons interested by application at the office of County Clerk Riggs.

**CLARENCE SIEGFRIED'S
NEPHEW TO VISIT HERE**

Clarence Siegfried of the County Clerk's office, has received a letter from his nephew, William Thomson, saying that the latter has started from his home in Dover, New Jersey, in his car and will arrive here the last of this week. Mr. Thomson, whose family is accompanying him on the trip, travels in his car, which is well equipped for camping. He has not seen his uncle, Mr. Siegfried, for 30 years and the meeting will doubtless prove happy to both.

Miss Eula Marshaw who has been visiting friends in Chicago for the past ten days returned to her home Monday night. She was accompanied by her cousin Miss Maude White of Chapin who had also been visiting in Chicago. Miss White returned to Chapin Tuesday morning.

LATEST NEWS OF THE SPORTING WORLD

WE THOUGHT THIS WOULD HAPPEN

NEW YORK, June 26.—(By The Associated Press)—The first overt act of disagreement between New York and New Jersey boxing authorities occurred today when the state athletic commission declined to uphold the New Jersey boxing commission's suspension of Benny Leonard light-weight king for failure to go thru with a contract made last year to box Charley White of Chicago.

The commission announced after a hearing that it found nothing in the White-Leonard contract made with Tex Rickard, to prevent either boxer from engaging in other contests and

this cleared the way for the championship match scheduled at the Yankee Stadium on July 23 between Leonard and Lew Tendler, of Philadelphia.

Rickard had attempted to block the Tendler-Leonard bout which is to be staged under the auspices of the newly organized Cromwell A. C., claiming that the White contract gave him prior claim to the champion's services. The commission held, however, that Rickard had made no attempt to set a date for a White-Leonard match since its postponement last October because of an injury to the champion's mouth.

INDEES PLAY AT RUSHVILLE TODAY

Local Team Journeys to Schuyler County Seat for Game—Local Attendance Must Improve to Maintain Team.

The Indees will journey to Rushville today to play the team of that place. French will be in the box for the Jacksonville bunch.

On next Sunday the fast Thayer Nationals will be the visitors at South Side park and the fact that they defeated Virden last Sunday by a score of 5 to 3 should be enough evidence that they really have a ball team.

On July 4th the Winchester American Legion team will visit Jacksonville for a game that afternoon at the ball park. Smith is doing his best to sign up good teams and is trying to give Jacksonville an interesting ball season but last Sunday's crowd was very slim considering the high class game that was put up by the local boys.

It is possible that a great many were kept away by the one-sided affair that was pulled off with the Plano Indians the Sunday before, but the local boys showed last Sunday that they were out of their slump and they were on their toes every minute.

As an appreciation the fans should forget that one fiasco and turn out for it is only by the presence of a good crowd that semi-pro baseball can exist in Jacksonville.

Manager Smith feels that the public should give him another chance to show that he is trying to deliver the goods and states that if he is unable to convince the public that they are getting their money's worth in games, he will have to close the park as it is out of the question to continue at a loss.

QUINN WAS STRONG IN PINCHES; RED SOX WIN

Boston, June 26.—American John Quinn pitched effectively enough for Boston today to defeat his old team mates of New York 3 to 1. The losers outlasted the winners but Quinn was strong in the pinches and was given good support. Catches by Ruth on the left field bank, Ward's hitting and the all-around playing of Fawcett featured the game.

LEVERETTE KNOCKED FROM SLAB BY TIGERS

Get Two Home Runs, a Triple and Double in Fourth—Finally Win by One Run in Ninth.

DETROIT, June 26.—Leverette was knocked off the mound by two home runs, a triple and a double in the second inning here today. Detroit later getting one run in the ninth inning which gave them a 7 to 6 victory over Chicago. Manush opened the second inning with a home run and Heilmann next up followed with another. Rigney got a triple and Woodall doubled. Thurston then replaced Leverette but he was touched for a double and a single before the inning closed. Detroit made four runs on the six hits.

Chicago tied the score in the seventh and both teams made two runs in the eighth. The score:

UHLE HELD BROWNS TO FIVE BINGLES

Cleveland Takes Final Game by Score of 9 to 1—Ken Williams Homer Gives Browns Only Run

Cleveland, Ohio, June 26.—American—George Uhle held the St. Louis Browns to six scattered hits today and Cleveland won the final game of the series, 9 to 1. St. Louis' only run was made in the ninth when Ken Williams hit his tenth home run of the season. The hitting and fielding of Lutzke was the feature of the game. Score:

ANOTHER CRISIS IS AVOIDED AT SHELBY

(By The Associated Press)

SHELBY, Mont., June 26.—Another crisis which threatened for a time to imperil the holding of the Dempsey-Gibbons world heavyweight championship bout here, July 4 was avoided today when an agreement was reached between the fight officials, Great Falls business men financially interested in the fight and nine local lumber dealers and labor contractors who hold a mortgage of \$85,000 against the arena, constructed for the battle.

Repayment of the money advanced by Great Falls bankers for the second \$100,000 guaranteed Jack Dempsey, and reimbursement of local lumber dealers and contractors will be on a prorata basis, it was announced by George H. Stanton, Great Falls banker, after a prolonged and hectic conference held today.

The conference was attended by Stanton, Dan Tracy, new business manager of the fight, Mayor Jim Johnson, treasurer and the lumbermen. Stanton also declared the raising of the third \$100,000 of the champions guarantee might be made in Great Falls tomorrow.

The lumbermen are said to have demanded a guarantee that the money they had invested would be a first charge upon the receipts for tickets to the bout. Under the agreement reached later each will share equally in the proceeds as the money is received in proportion to his claim.

Where Quality Counts

One third of the cost of a good plumbing, heating or electric job is for work hidden from sight beneath walls and floors, and underground. Costly trouble is sure to develop unless this "unseen" work is properly done. Reliable materials and skillful workmanship cost less in the end—and we supply 'em.

HARGRAVE AGAIN UPSETS THE CUBS

Cincinnati Catcher Hits Home Run in Fourteenth Inning and Cubs Go Down 4 to 3.

CHICAGO, June 26.—"Bubbles" Hargrave, catcher of the Reds who helped Cincinnati defeat Chicago Cubs yesterday with home run, cracked out another four bagger in the fourteenth inning to give the Reds the final game of the series 4 to 3.

The visitors had come from behind and took the lead by bunching hits with Chicago errors but George Grantham tied the count in the eighth with a homer and the game went into extra innings.

Third baseman Pinelli was spiked on the ankle by Aldridge who slid into third base in the fifth inning and had to be carried off the field. He will be unable to play for some time. It was said, eight stitches being required in the wound.

NEW YORK, June 26.—Fresh
buying power was again lacking
in today's stock market and the
decline had little difficulty in forc-
ing recessions all over the list.
Fifty stocks established new low
records for the year including
such leaders as United States
and Gulf States Steels, Baldwin
and California Petroleum. The in-
dustrial average also touched a new
1923 low.

The campaign of bear traders
undoubtedly has been influenced
by the steady decline in com-
modity prices and the marked cur-
tailment of forward buying in sev-
eral industries, which is regarded
in some quarters as forecasting a
slackening in business this fall.
Today's selling was aided by the
belated liquidation of stocks
pledged as collateral for loans to
firms which recently went bank-
rupt. The bearish forecast on
conditions published by a large
statistical agency and the deci-
sion of pipeline companies to pro-
rate the irregular runs also had
a pessimistic effect on sentiment.

Most of the Standard Industri-
als failed to show any effective
buying support until their pre-
vious low level which were reached.
United States steel touched 90½
and then rallied nearly a point,
showing a slight fractional loss on
the day.

Baldwin touched 118½ and then
rallied to 119 or 23. Railroad
shares were heavily sold on re-
ports that two of the big brother-
hoods were to meet soon to con-
sider the question of wage in-
creases. Several carriers, notably
Pennsylvania, Reading and North-
ern Pacific touched new lows and
the losses in some others ran as
high as two or three points.

The selling was made in the
face of more favorable Mar-
ket reports, the Union Pacific
System showing a net gain of \$2-
41.58 compared with \$2.368,
000 in April and \$1,574,733 in
May 1922.

Active United States govern-
ment bonds yielded slightly, los-
ses ranging from 1-32 to 7-32 of
a point.

SUPPLY OF FINE BUTTER IS LIGHT

CHICAGO, June 26.—The sup-
ply of fine butter continued light
and the butter market here to-
day on these grades was firm.
Below 90 score, however the mar-
ket was well supplied and easy;
dealers sold these grades freely
and frequently gave concessions
when the buyer appeared indif-
ferent. Top grade cars were firm
with occasional cars bringing a
premium, but 88-89 score cars the
slightly higher than yesterday
were hard to sell. Quality was
running poor. Fresh butter, 92
score 39½; 91 score 38; 90 score

The PATHFINDER

If there ever was a shoe that pointed the way to shoe satisfaction, it is the "Pathfinder"—a popular FLORSHEIM. It has good looks—and long wear, for which exquisite workmanship is as much responsible as fine leathers.

WHITE HALL MAN CELEBRATES BIRTHDAY

John J. Moynihan observes his Eightieth Birthday in appropriate way—Other White Hall News

White Hall, June 26.—John J. Moynihan, who claims to now be the only pure-blooded Irishman in White Hall, celebrated the 80th anniversary of his birth Monday. The exact date does not come until July 12th, but the celebration took place in advance because of the presence of his distinguished son, Hon. C. J. Moynihan, of Montrose, Colorado, who with his wife left for the west Monday night at midnight, following the week-end visit that was occasioned by Mr. Moynihan's presence in St. Louis as a leading speaker before the Rotary convention.

John J. Moynihan resides with his daughter, Miss Mae, in the family homestead on West Franklin street. His whole life has been dependent on his daily toil, and he has wrought a remarkable life. He followed the other members of his father's family from Millstreet, County Cork, Ireland, when a boy, traveling alone, and was located at New York for a short time after his arrival, and then spent three or four years in Massachusetts before coming to White Hall, where he has since resided continuously, a period of more than sixty years.

He reared a large family of the most upright men and women, but surviving him are the only daughter at home and two sons, Leo, master mechanic with the Santa Fe railroad at Chateau, Kansas, and Hon. C. J. Moynihan of Montrose, Colorado, whose name is frequently mentioned in connection with the governorship and the senatorship of that state. Lawrence, John and William are dead. The latter was a veteran of the Spanish-American war, serving with Company K, Fourth Illinois.

Mr. Moynihan retains very good health for one of his years, and he is a beloved citizen.

Fourth of July Plans

Rev. E. P. Leick, pastor of the Presbyterian church at Carrollton, was in White Hall Monday in the interest of the Fourth of July celebration at Carrollton, and incidentally to confer with the White Hall promoters as to why a conflicting celebration in Greene county came about. He states that the arrangement was made at Carrollton last February to put on pageants Decoration Day and the Fourth of July. The White Hall promoters state that a committee of four visited Carrollton on May 15th and conferred with some of the leading citizens as to plans for dedicating the Revolutionary graves of Greene county at White Hall on July 4th. The committee from White Hall then proceeded to Greenfield on the same mission, and nothing developed during this trip as to any plan on foot at Carrollton. At the same time representations were made to Roodhouse that brought out action to call off everything at Roodhouse and join wholeheartedly with White Hall. The same is true of Greenfield. The relations between White Hall and Carrollton have not suffered as a result of the dual celebrations, and Rev. Leick was invited to bring his pageant to Gregory park on the evening of July 4th and use the time between 6 and 9 o'clock. The pageant is at present announced for the fair grounds. In any event Rev. Leick promises that White Hall and Carrollton will get together next year, but any such scheme must take Roodhouse and Greenfield into consideration under the joint participation by these cities with White Hall this year.
